bootstrap-datepicker: Add custom button to min/max dates I'm using bootstrap-datepicker plugin and I want to add two custom buttons to

it. In the documentation they use the 'previous-month' and 'next-month' strings but I want to add my own button names (eg. ""). A: Try this:

```
$('.input-daterange').datepicker({
  showOn:'both', buttonText: 'Button',
  dateFormat: 'dd/mm/yy',
  buttonImage: 'fa fa-arrow-left',
  buttonImageOnly: true,
  changeMonth: true, changeYear:
  true, monthDisabled: true,
  currentText: 'Select Date',
  currentDate: false, beforeShowDay:
  function(date) { var i = $(".input-
  daterange").datepicker("getDate");
```

if(date The present invention relates to a door hinge construction and, in particular, to a door hinge for use with a motor vehicle having a manually operated door latch. Motor vehicle door hinges are well known for securing the door of a vehicle to a doorframe. Such hinges typically include a head member and a hinge pin configured for pivotal motion within the head member. In addition, known door hinges are typically provided with a detent mechanism for providing a desired level of resistance to the

pivotal motion of the hinge pin.
Generally, these detent mechanisms
operate to resist rotation of the
hinge pin in a first direction (e.g.,
closing) and permit rotation of the
pin in a second, opposite direction
